

Department of Environmental Design

Subjects	credits	type	hours/week									
			1st year 1st Semester	1st year 2nd Semester	2nd year 1st Semester	2nd year 2nd Semester	3rd year 1st Semester	3rd year 2nd Semester	4th year 1st Semester	4th year 2nd Semester		
Environmental Design Basics I	2	Lecture	2									
Environmental Design Basics II	2	Lecture		2								
Perceptual Psychology	2	Lecture			2							The first quarter
Environmental Anthropology	2	Lecture				2						The third quarter
Social economic system for environment	2	Lecture				2						The fourth quarter
Environmental Conservation	2	Lecture				2						The third quarter
Architectural Planning and Design	2	Lecture				2						
Theory of Building Construction	2	Lecture				2						The fourth quarter
Design of Urban Environments	2	Lecture				2						
Landscape Architecture	2	Lecture				2						
Space Design Project	4	Exercise			6							
Architectural Design Project	4	Exercise				6						
Theory of Structural Analysis	2	Lecture			2							
Environmental Chemistry	2	Lecture			2							
Environmental Control System	2	Lecture			2							The first quarter
Field Training for Environmental Design I	1	Exercise			2							
Practice of Spatial Information Analysis	2	Exercise				4						
Space Design Practice	2	Exercise			4							
Basic Molding	2	Exercise				4						
Building Code	1	Lecture				2						
Psychometrics	2	Lecture and Exercise					2					
Statistical Inferences	2	Lecture					2					
Internship	2	Exercise and Practical study					2		2			
Environmental Management for Arts and Culture	2	Lecture					2					
Environmental Ethics	2	Lecture						2				
Theory of Architectural Space and Design	2	Lecture					2					
History of built environment	2	Lecture					2					The first quarter
Design of Historic Environments	2	Lecture						2				The third quarter
Theory of Building Construction Design	2	Lecture					2					
Building Production	2	Lecture						2				
Landscape Design Project	4	Exercise					6					
Urban Design Project	4	Exercise						6				
Structural Planning	2	Lecture						2				
Theory of Man-Environment System	2	Lecture						2				
Theory of Building Equipment Planning	2	Lecture					2					
Field Training for Environmental Design II	1	Exercise						2				
Portfolio Management	2	Lecture and Exercise						2				The fourth quarter
Design Strategy Fundamentals	2	Lecture and Exercise							2			
Environmental Integrated Project	4	Exercise							6			
Senior Project I	2	Exercise							4	4		
Senior Project II	4	Exercise							8	8		

Note: There may be subjects not listed here. For more detailed information contact the General Affairs Section
